

DSPL7 is funded by the local authority to deliver the aims of the SEND strategy at a local level. We commit 80% of our budget to these priority areas, which are:

• Behaviour and SEMH	• Specialist Provision
• Targeted SEND services	• SLCN (including ASD)
• Early Years	• Post 16

The remaining 20% is directed towards locally identified priorities, which in DSPL7 are:

- Support for CYP with Down Syndrome
- Support for siblings and young carers

Following close evaluation of local data and school/parent/community feedback, this year we have chosen to support the priority areas in the following ways:

Behaviour and SEMH	<ul style="list-style-type: none"> • Specialist SEND family support worker • NESSie arts based therapy for 5-11 (primary) • Male mentor support for KS3 students • ADD-vance coaching • Anxiety and school refusal project • Part fund Steps training for 2 staff members • Mental Health Kite Mark support
Specialist Provision	<ul style="list-style-type: none"> • Outreach advisory teacher support from The Collett • Advisory teacher for CYP with Down Syndrome
Targeted SEND services	<ul style="list-style-type: none"> • DSPL7 SEND lead support for schools • Monthly local high needs funding panels • Half termly SENCo clusters • Support for new to role SENCos • Litebite SEN Training for NQTs • Termly HfL Briefing • Programme of CPD for professionals and parents • Login to online training platform for every SENCo in DSPL7 • 'Team around the School' support • Advice line for schools and parents • Y6-7 transition workshop for SENCos and ISL leads • Assessment tools library for SENCos
SLCN including ASD	<ul style="list-style-type: none"> • Funding 2 settings to achieve Communication Friendly Status • Sensory resources library for schools
Early Years	<ul style="list-style-type: none"> • CERTSEY funding for EY SENCos • Steps funding for EY Settings • EY sensory toy library • WellComm toolkits loan service
Post 16	<ul style="list-style-type: none"> • Post 16 continuum coordinator for pupils with SEND in KS4 • Post 16 information event with DSPL5 and 6
